bhatiagitika0612@gmail.com

PERSONAL PROFILE

Full Stack Developer with 3+ years of experience building scalable, high-performance web applications using React, Next.js, Node.js, and modern UI frameworks.

EDUCATION

Kalindi, Delhi University
BA in Computer Application
2019-2022

SKILLS AND EXPERTISE

Frontend - Typescript, Javascript, ReactJs, Next Js, Tailwind CSS, Bootstrap, Material UI and Redux.
Backend - NodeJs, ExpressJs, MongoDB and Prisma.

PROJECTS

Aakash Life

- Developed "Aakash Life" using React.js and Tailwind CSS, ensuring a fully responsive and visually appealing UI across all screens.
- Implemented dynamic components and reusable UI elements, improving development efficiency and maintainability.

Bytecode

- Integrated Clerk for secure authentication and user session management.
- Used Zod for type-safe form validation in both frontend and backend.
- Designed and implemented Create, Edit, Delete functionalities for articles using Prisma and PostgreSQL.

Portfolio

My portfolio showcases a range of projects that reflect my skills

WORK EXPERIECE

Kynamite

Remote — Full Stack Developer
March 2025 - Present (Full Time)

- Worked on trading web platforms, building and enhancing user-facing features using Next.js, Tailwind CSS and Prisma.
- Collaborated across multiple projects simultaneously, adapting quickly to different codebases and requirements.
- Led performance optimization efforts by migrating key pages from Remix to Zero Queries, reducing data-fetching overhead and improving overall application responsiveness.

iDesign.Market

Delhi — Full Stack Developer
Nov 2023 - Feb 2025 (Full Time)

- Developed and maintained scalable full-stack applications using React, Next.js, Node.js, and MongoDB.
- Built reusable, modular UI components with Tailwind CSS and Material UI, improving development speed and consistency.
- Implemented authentication, authorization, and secure API integrations following industry best practices.
- Optimized application performance, reducing page load time and improving user experience.
- Collaborated with product managers, designers, and QA teams to deliver high-quality features on schedule.

HKS Manpower Group

Gurugram — FrontEnd Developer
May 2023 - Nov 2023 (Full Time)

- Built responsive and dynamic user interfaces using React.js and Tailwind CSS.
- Implemented reusable components and optimized UI performance across devices.
- Worked closely with backend developers to integrate REST APIs.
- Improved UX consistency and accessibility across multiple web applications.

Samrika Critique Services Pvt Ltd

Gurugram — FrontEnd Developer
